## BARDE DISCLAIMS ANY KNOWLEDGE OF BLANKET CONTRACT

### Nothing Irregular in His Dealings With Board

#### COM. ACKERMAN ALSO MAKES DENIAL

PHILADELPHIA, Pa., Nov. 10.—J. N. Barde, secretary-treasurer of the Barde Steel Products corporation mentioned in the charges of A. M. Fisher and J. F. Richardson in their report on United States shipping board operations as trying to purchase under a blanket contract all supplies and stores of the emergency fleet corporation today disclaimed any knowledge of irregularities in his concern's dealings with the shipping board.

In all my dealings with the shipping board," Mr. Barde said, "I know of nothing irregular. As a matter of fact, all my negotiations were carried on direct with Admiral Benson and Judge Payne, who headed the board before the emergency fleet corporation was something out of the ordinary would develop that I always refused to do business with anyone but the highest officials."

Barde declared that H. H. Weaver, a secretary of his firm whom, he said was the man mentioned in the Fisher-Richardson report as being an adviser to the shipping board's cancellation and claims board, did not have anything to do with the sale of surplus materials. Weaver, he added, left the shipping board with which he served during the war as a "dollar a year man," several months ago.

"In no way," said Barde, "did my firm come in contact with him in our efforts to purchase materials approximately \$30,000,000 of which we have taken over since last January."

## PREMIER LEYGUES EXPRESSES FRANCE'S SENTIMENTS OF U. S.

### Feel That Ties of Friendship Are Becoming Tighter

#### WILL NEVER FORGET THIS COUNTRY

PARIS, Nov. 10.—On the eve of the celebration commemorating the fiftieth anniversary of the republic and the second anniversary of the armistice, Premier Leygues made the following statement to The Associated Press:

"You ask me what are the sentiments of the French republic towards the United States of America at the moment we are celebrating the fiftieth anniversary of the republic and the second anniversary of the armistice.

"The French government and the whole French nation feel that the ties of friendship and esteem binding our two nations are becoming tighter. Our two democracies, imbued with the same ideal have always been found side by side whenever liberty and right have been menaced at all decisive hours of the history of the world.

"Our two nations salute in joint transport, admiration and gratefulness the American and French heroes who fell on the battlefields of Brandywine and Yorktown, as well as on the banks of the Marne, the slopes of Montfaucon and the plains of the Meuse.

"Never shall we forget the magnificent moral, material and military assistance which the United States brought to us during the great war and which contributed so powerfully to the victory. The same culture, independence and dignity animate our two nations always resolved to guide the world toward better destinies to consolidate peace and repair the disasters of war."

## SEND MESSAGES ON ANNIVERSARY OF ARMISTICE DAY

### Heads of Army and Navy Join in National Observance

#### INDEPENDENCE DAY FOR THE WORLD

WASHINGTON, Nov. 10.—Joining in the national observance of the second anniversary of the signing of the armistice, heads of the nation's military and naval forces today issued messages to the personnel of the army and navy and to the veterans of the world war now in civil life.

"Today the army salutes its own—its fallen heroes," Secretary Baker said.

Declaring that events of the two years since the signing of the armistice had "caused many of us to lose the holy joy of that day," Secretary Daniels admonished the navy to dedicate itself to the "same ideals which gave immortal glory to our American youths of 1917-18."

General Pershing characterized Armistice Day as "the 20th Century Independence Day for the world."

He charged the men who served under his command in the war to keep before them in peace the ideals for which they fought and declared that the interests of the nation would be well directed and fully safeguarded by this great citizen army of veterans.

Major Peyton C. March, chief of staff said:

"I have recently inspected our cemeteries in France of our hero dead and cannot conceive of any difference of opinion as to the aftermath of the war making us ever forgetful of the splendid sacrifices of our army and the whole people during the war. Their record of achievement and of self denial will forever be a national inspiration."

## American Legion Issued Open Message to Nation

NEW YORK, Nov. 10.—Calling for "acclamation of Armistice Day" in the "spirit that made it," F. W. Galbraith, Jr., national commander of the American Legion tonight issued an open message to the nation.

"This is only the second anniversary of Armistice Day—a day destined, if we will, to keep company with the immortals of the calendar that mark great moments of history that shall never die," he said. "Succeeding generations will acclaim armistice day. God grant that they always shall acclaim it in the spirit that made it and that this spirit like the day, shall be imperishable.

"With this prayer in our hearts let us renew each year our vows of fealty, repledge and keep unshakable our faith in the high ideals, the lofty purposes, the unselfish aspirations and exalted, holy hopes that fired the hearts of Americans in 1918 and made ours a land from whence crusaders came with souls aflame, worthy of their victory.

"To this end the American Legion today and forever solemnly pledges its all."

## ILLINOIS PHONE COMPANIES WANT INVESTIGATORS

### Claim Lack of Funds Prevent Commission Functioning

#### COMPANIES NEED MANY IMPROVEMENTS

SPRINGFIELD, Ill., Nov. 10.—Blame for the inability of the Illinois telephone companies to keep abreast of the present day demands for service was placed by the Illinois Independent Telephone Association convention here today upon the lack of public utility investigators, in resolutions adopted recommending that the next legislature give the state public utilities commission sufficient funds to do its work right.

This action was taken on suggestion of the president, R. E. Gordon of El Paso, who declared Illinois telephone properties in immediate need of \$125,000,000 worth of improvements.

"The telephone business ranks third among Illinois' industries," Mr. Gordon said, "but regardless of this fact the state public utilities commission is so hampered by the lack of funds that adequate consideration of the state's need is impossible."

Permission of the commission is required before any money can be expended upon the telephone systems. This permission cannot be given because the commission lacks investigators.

An increased appropriation by the legislature for the commission's use is imperative.

The convention will close tomorrow with an election of officers.

## PRESIDENT ELECT LANDS FIRST TARPON FEELS MIGHTY PROUD

### Mrs. Harding Also Shares the Honors of the Day

#### PASSES UP GOLF FOR TARPON FISHING

POINT ISABEL, Texas, Nov. 10.—(By The Associated Press.)—President-Elect Harding landed his first tarpon today and came back from the Point Isabel fishing grounds looking prouder than he did when, just a week ago tonight, late election figures confirmed his overwhelming majority for the presidency.

The catch measured four feet and five inches, a fair sized prize as tarpons go and Mr. Harding handled the reel unassisted while the big fish raced back and forth thru the water in its frantic attempt to get away. It was pulled in just fifteen minutes after it took the bait. Mrs. Harding shared the honors of the day for she also took a tarpon. It was almost a six footer however, and she did not try to land it. She passed the rod over to Senator Hale, a guest of the president-elect and his wife on their vacation trip here and he brought it in after a struggle of more than a half hour.

Senator Harding again spent the whole day on the tarpon fields three miles off shore, passing up an ideal golf to devote himself to the sport to which he was introduced yesterday. His fishing will be interrupted tomorrow however, when he goes to Brownsville, twenty miles away to deliver an armistice day speech. He probably will go over the whole day to the trip, playing a game of golf at the Brownsville country club, before delivering his address.

## BURNING STEAMER THREATENS TRAFFIC

### Tugs Tow It to Ellis Island to Prevent Blocking Channel—Several Members of Crew Burned

New York, Nov. 10.—After a spectacular race against time down the Hudson river, surrounded by tugs and fire boats and flames licking about her forward decks, the burning Morgan Line freighter El Mundo tonight lay beached on the flats near Ellis Island, out of the way of harbor traffic.

Thousands of spectators lined the New York and Jersey shores and watched the heroic fight of the tiny tugs to drag the burning steamer out of the river as she threatened to sink and block the shipping channel.

All members of the crew of the ill-fated vessel which arrived here from Galveston last Monday with a general cargo have been accounted for police officials said tonight, but eight of the deck hands were reported burned, one probable fatal.

The fire followed the explosion of a fuel tank which contained several thousand gallons of oil.

## FAMOUS FIRST DIVISION STAGE SHAM BATTLE

CAMP DIX, N. J., Nov. 10.—Under the light of star shells, flares and other illuminants, the old 1st Division, America's first fighting unit to participate in the world war went "over the top" tonight in a gigantic sham battle of entertainment of ten thousand thousands of civilian visitors.

General Pershing and Brig. Gen. Fries, as guests of honor with General Summerall, division commander and many other prominent army men, were interested observers. Carefully watched by nurses lest they suffer from actual shell shock and over excitement, thirty-five division veterans lay in ambulances and watched the battle.

From nearly every state the veterans have come into Dix for the reunion tomorrow.

## RECEIVED \$200 TO COMMIT MURDER

NORTON, Kans., Nov. 10.—Carl Johnson, seventeen years old, has confessed he was employed by Elmer Heiserman, eighteen, to kill members of the Heiserman family in their home near Almena, Kansas, Norton court officials announced today.

The Heiserman family was attacked several days ago while at dinner. Shots fired thru a window struck one of the daughters and the grandmother of the family. Neither was seriously injured.

According to Johnson's statement Elmer Heiserman told him he was in need of money and that if his family were dead he would inherit the estate and promised him \$200 if the attempt was successful. Both are being held in the county jail.

## SAVS DUELING IS FOOLISH PRACTICE

Paris, Nov. 10.—"Dueling is a foolish practice and there is no place for it in France since the war," said Leon Daudet, member of the chamber of deputies in Paris and leader of the Royalist party in France in refusing a challenge from Paul Denise, deputy for the department of Var, to meet him on the field of honor. Daudet, prior to the war fought eleven duels.

## GENEVA RESIDENTS BEING ELBOWED BY LEAGUE OF NATIONS

### League Tho Deceased Takes up Residence in That City

#### WILL AMEND LEAGUE COVENANT

GENEVA, Nov. 10.—Geneva is beginning to feel its honor as the headquarters of the world and its residents are being violently bowed to make room for the league of nations with all its appurtenances.

The secretariat of the league, 300 strong is occupying the largest hotel for its offices. The delegations to the assembly of the league on November 15, their secretaries and advisors are expected to number a thousand more taxing to the utmost the city.

Judging by the promptness and numerical strength of its representation is the country that takes its role in the league most seriously. About eighty of its delegates already are here taking up three floors in two of the leading hotels, and quarters have been reserved for one hundred in all.

Many Delegates Expected.

Delegations are expected from at least forty-one of the forty-five members of the league. The delegations already announced makeup, a brilliant group of statesmen, orators and diplomats headed by two former presidents of republics. There are two former premiers, two presidents of senates, one president of a house of representatives, nine cabinet ministers, mostly ministers of foreign affairs—seven former cabinet ministers, four ambassadors and twenty ministers plenipotentiary.

Final preparations for the assembly will be completed Sunday by the league council which will meet at the O4 National Hotel, which since it was bought by the league, has been rechristened The Palace of Nations.

The first important subject coming up, according to the program as it now stands, is an amendment to the league covenant. The discussion may, if the delegates so wish, be preceded by the question of the voting strength of the delegations. It is recalled that Leon Bourgeois, the French representative has expressed the hope that the assembly would accord the French colonies the same right of representation as accorded the British dominions.

## PLANS BEING MADE TO CONSERVE PAPER

CHICAGO, Nov. 10.—Preliminary plans for a paper conservation campaign with "avoid waste and conserve scraps" as the slogan, were made today at the opening of the American Paper & Pulp Association convention. Complete plans for the campaign will be announced later.

Printed on paper not likely to be recycled, some time President George W. Sisson of Potsdam, N. Y., told the convention. He said the industry was in better condition financially than many other industries, but lack of surplus would make price reductions impossible.

America, he said, would have to depend on its own resources for paper, because Canada and Argentina did not have a large enough surplus to supply this country with any great quantity.

## SPRINGFIELD MAN RECEIVES APPOINTMENT

## TAKE STEPS TO LAY MESSAGE BEFORE THE STATE DEPARTMENT

### Call Attention to Threatening Message from New York.

#### MESSAGE SIGNED BY J. V. O'CONNOR

WASHINGTON, Nov. 10.—The British embassy announced today it had taken steps to call the attention of the state department to a message recently received by the British chief secretary for Ireland, dated New York and threatening reprisals against Englishmen residents in the United States, "if there are any more reprisals in Ireland on and after the fourteenth of November."

The New York message was sent in the name of the Amalgamated Irish Societies of America and bore the signature "J. V. O'Connor, President."

At the state department it was said nothing had been received tonight from the embassy in relation to the message. No comment as to the course the Washington government might pursue was available. The New York message as made public by the embassy read:

"We hereby inform and warn you that if there are any more reprisals in Ireland on and after the fourteenth of November, 1920, that the men of Irish blood in this country and their sympathizers will immediately begin reprisals of Englishmen here who are not citizens of the United States; for every man, woman or child who is murdered after the above date by the cowardly English soldiers and police three Englishmen in this country will pay the penalty. Amalgamated Irish Societies of America. (Signed)

"J. V. O'Connor, President."

## ISSUES APPEAL FOR RED CROSS ROLL CALL

### National Headquarters Issues Appeal Made by Harding—Must Not Lose Its Efficiency.

WASHINGTON, Nov. 10.—On the eve of the opening of the fourth annual roll call of the American Red Cross an appeal from President-elect Harding was issued from the national headquarters here. It read:

"Noting that your membership roll call for this season is impending, I have wanted to express my very earnest sympathy for your cause and my hopes that it may be forwarded by the coming campaign. If in all the world there is an organization more entitled to be regarded as doing good universally and doing nothing else at any time or any place, I do not know what it may be.

"It would be peculiarly a misfortune, if the Red Cross, with its magnificent organizations and splendid purpose of useful achievement should lose any measure of its efficiency because of war-time has ceased. Your organization has been built to serve humanity and humanity needs its service in peace, just as it did in war. My wishes for all success go out to you."

## ARGENTINA TO HELP THE LEAGUE OF NATIONS

Paris, Nov. 10.—Argentina is ready to do her utmost to contribute to the success of the league of nations, said Honorio Pueyrredon, foreign minister of that country, to a representative of the newspaper El Clar of this city last night.

"I am going to Geneva to attend the meeting of the league assembly," he said, "with the greatest enthusiasm. I believe in the success of the league if each nation brings to it good will."

## JOCKEY INJURED WHEN HIS MOUNT FELL

Harry Rowe, riding Certain Point and Leo Burk, on "Dinero" were injured when their mounts crashed into the fallen Iron Man.

## Ask For Safe Blowers To Free Man From Bank Vault

OTTAWA, Ill., Nov. 10.—Electric torches, dynamite and safe-blowers from the Joliet penitentiary tonight were called on in efforts to free Francis Carey, bank teller, from a time lock vault in the National City Bank in which he was locked early in the evening by a bandit, who took \$50,000 from a safe but dropped it when frightened away.

Late tonight Carey had not been freed and it was feared he would suffocate before the vault could be opened. The time lock was set for 9 A. M. Friday.

After attempts to loosen the door with electric torches and small charges of dynamite had been made, a call was sent to the Joliet penitentiary for expert safe-blowers, believed to be in prison

## WAR CLOUDS ARE VANISHING FROM BASEBALL HORIZON

### Team Owners Will Hold Conference Friday

#### BAN JOHNSON ISSUES STATEMENT

Kansas City, Mo., Nov. 10.—War clouds tonight are vanishing from the major league baseball horizon, with indications favoring an amicable settlement when the belligerent major leaguers meet in a joint session in Chicago Friday.

The national association of minor leagues after listening to both sides in the controversy today voted to appoint a committee to act with the major league in devising a plan for baseball reorganization. This committee will be named tomorrow.

The sixteen club owners of the two warring leagues agreed to meet in the same room in Chicago and attempt to adjust their differences without the aid of any outsiders. It was agreed that only the club owners shall attend this meeting and that both President Johnson of the American League and President Lloyd of the National, as well as lawyers, stenographers and others who have participated in recent sessions, shall remain away.

The agreement to make a last minute attempt to avert a baseball war was reached at a meeting of the directors of the American League at noon and was one of the results of conferences between the owners of the rival major league factions. The peace news was announced in dramatic fashion in the middle of an address Gary Herrmann, owner of the Cincinnati Nationals was delivering to the minor league meeting.

Mr. Herrmann, former chairman of the national commission, interrupted by a messenger, who handed him a note which he opened and slowly read. Then he made the announcement that a joint conference of the club owners had been agreed upon for Friday.

Johnson's Statement

President Ban Johnson of the American League in commenting on the joint meeting, issued the following statement:

"The American League has been standing for the principle that a re-organization of baseball should be worked out primarily by a committee of representatives from the National League, the American League and the National Association. It seems now that such a committee has been crowded to consider and work out a plan for re-organization."

"An informal conference of major league club owners will try to see if the two major leagues may not in some way iron out their points of difference."

While the National League club owners issued no formal statement, most of them take the stand that what already has been done in the advancement of baseball re-organization cannot be changed at the conference Friday. This was taken to mean that the selection of Federal Judge Landis of Chicago as chairman of the new board of control at a salary of \$50,000 a year must be accepted by the American League club owners.

I Want 12-Club League

The National Leaguers frankly admit they do not want a 12-club league unless it is forced upon them.

Before leaving for Chicago tonight Mr. Herrmann declared that he was confident the situation could be adjusted to the satisfaction of all.

Joining in the crusade against gambling in baseball the minor leagues unanimously adopted a resolution urging the passage in every state legislature of a bill designed to "stamp out the evil."

Harrisburg, Ill., Nov. 10.—Statistics available here show that Southern Illinois coal mines had a record-breaking output during the past ten days. In Sabie the past ten days.

## Bulletins From Here and There

HARRISBURG, Ill., Nov. 10.—The proposal to remove the county seat from Shannettown to Ridgeway was defeated in the Gallatin county election by 1,500 votes. Shannettown has been the county seat since 1841 and this was the third unsuccessful attempt by Ridgeway to become the county seat.

One of the requests to be made of Gov-elect Small is for more rigorous measures against automobile thieves. The governor will probably take pleasure in co-operating with the Automobile Owners Protective association in an effort to curb the increasing number of thefts. In the past, penalties imposed have not been

severe enough to serve as a deterrent.  
It is not surprising that Secretary of State Colby is said to be proceeding with various matters of foreign policy which may be embarrassing for the incoming administration. Whatever steps the secretary takes with reference to South American countries and Mexico must of course be agreed to by Mr. Wilson, for Mr. Colby was appointed a few months ago because of his willingness to give strict compliance to the president's desires.

Only one cattle feeder out of 18 in Northern Illinois made money last winter. This is one of the startling features of a U. S. Department of Agriculture report on cattle feeding operations in DeKalb county last year. The average loss suffered in feeding operations was \$34.78 per head on 3,543 steers included in the survey. It's not surprising that farmers hereabouts are going a

little slow in their cattle feeding programs for this season.  
MISSOURI'S CLAIM  
Republicans in Missouri, it is said, think that they have a pretty good claim on a cabinet position in the Harding administration because of the great election showing made in that state. If all other states were to have their reward measured on the same basis, the new president would be compelled to enlarge his cabinet. Nevertheless, it was a remarkable election in Missouri—a state that had been counted in the doubtful column.

The Interchurch organization still owes a heavy debt and there have been recent threats of suits to enforce payment. There is really no reason why an association of churches should be sued if it fails to meet its financial obligations, but certainly some way will be found for meeting the situation. Those in direct charge of the work will realize that an action for debt against the churches would do enough harm to outweigh all the good that ever resulted from the movement.

It is an encouraging fact to note that while prices are falling and frequent statements are made by financial men with reference to the markets, that everyone is firm in the belief that the future holds no panic. It is agreed that lower prices are already here and that some others may come but the opinion prevails that while business has its difficulties that there will be no serious financial disturbance.

About the best thing that could happen to general business will be when the buying public gets to the understanding that the bottom has been reached and that the time for making normal purchases is at hand. Continued aloofness on the part of the consumer is not conducive to business.

GIVE THEM THE RIGHT START

There is one lesson to be learned from the crime wave which is sweeping New York, Chicago, St. Louis and most of the larger cities. Investigation show that most of these crimes are committed by young men who have not felt the pinch of poverty and are driven to desperation, but by lads from comparatively well to do families. Some of them are merely seeking excitement and others are following the bandit course simply because they have made a bad start and have a wrong idea of what constitutes real values. The lesson to be learned is the need there is for surrounding

young people with the right influences — affording opportunities for recreating under the proper conditions. A good deal of impetus in the last year or two has been given to the Boy Scout movement, and to other organized efforts for the proper directions of the energies of boys and young men. There cannot be too much work of this kind and this wave of banditry only furnishes further proof of the need.

Rippling Rhymes  
By Walt Mason

PROMPTNESS.  
I went to James Augustus Jones, and from him borrowed fifteen bones, the which I needed sore, for all my aunts were sick in bed, my divers children cried for bread, as they ne'er cried before. I said to Jones, "November 8 you'll see me waddle to your gate, to pay you every red; November 8, at half-past 10, I'll pull your latchstring once again, or you may know I'm dead." And Jones, he heaved a sickly smile, for he was wise to human guile, to promises that fail, and doubtless in his soul he sighed, "I'm stung again, dingbust my hide! I'll never see the kale!" November 8 dawned bright and fair, a hint of frost was in the air, the wind was east by west; and to the residence of Jones I toiled my worn and aching bones, the boodle in my vest. The clock was striking half-past 10 when I produced the iron men, and paid him every bean; and after one astonished yell, poor Jones, he had a fainting spell, with spasms in between. His senses once again restored, "My faith in human men," he roared, "you've surely bolstered up; my jaded soul you've filled with peace, and you may wed my fattest niece, and use my pointer pup." And Jones has given me renown in all the byways of the town as one who keeps his word, and whensoever I may go, the people say that I'm a jo, a looloo and a bird.

IN  
"EYES OF THE HEART"  
A drama that proves that handsome is as handsome does. Every human being possesses hidden traits of character that only the hearts of those who love him can discern. "Don't trust to your eyes in judging character. The finest traits may lurk under the most unattractive exterior. Let your heart testify. Who would not remain blind, when sight brings disillusionment and loss of faith in those we love? The story of a girl whose eyes played her false but whose heart played her true. Judge your casual acquaintances by what your eyes see, but those you love by what your heart discerns. What do they see in each other? Not what your eyes see but what their hearts discern. For the eyes of the heart may be relied upon.

### AN INTERESTING DOCUMENT.

The Journal's worthy friend, George Hall, volunteer weather observer at Alexander, brought to the office a highly interesting document dated April, 1817. It was a contract between Mr. Hall's grandfather's father and the son, binding the latter to an apprenticeship of seven years to a shoemaker. The remuneration during that time was board and clothes and possibly they were none too good. No spending money or special privileges of any kind and no restriction as to hours. It was truly a cast iron affair. The boy was fourteen years old and would become of age at the expiration of the contract.

The document was as large as a deed or land patent with many clauses. Playing with cards, dice, tables and the like the boy was not to do or to commit a category of other sins. He was not to frequent questionable places of resort, was to conduct himself in every way befitting a good person, be diligent and faithful, never to give away or dispose of his master's goods without compensation or permission and a lot more to the same effect. Young men of the present day would hesitate quite a while before going into such a contract but things were different 103 years ago.

The young man finished his term of apprenticeship with credit and made good in life.

## Eruptions of the Skin Cause Tortuous Itching

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce.

So many people continue to suffer from eczema, tetter, and other forms of skin disease because they do not seek the source of their suffering and no disease can be successfully combated unless attacked at its source.

Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed.

This explains why disappointment comes from the use of lotions, salves, ointments and other local remedies.

S.S.S. has given great satisfaction in the treatment of these disorders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the germs that attack the skin.

Begin taking S.S.S. today, and if you will write a complete history of your case, our medical adviser will give you expert advice without charge. Address: Chief Medical-Adviser, 822 Swift Laboratory, Atlanta, Ga.—Adv.

## FORMER RESIDENT WRITES FROM HONOLULU

Prof. M. E. Churchill, Former Illinois College Faculty Member, Writes Interesting Letter to Dr. Harker From Hawaiian Islands.

Many Jacksonville people remember when Prof. M. E. Churchill was a member of the faculty of Illinois college. For several years he occupied the chair of Greek. As a citizen of Jacksonville he came to occupy a very high place in public estimation. More than twenty years ago he left this city for California and since that time has been a member of the faculty of Pomona college, in more recent years serving as secretary. He is now on leave of absence and is making an extended stay in Honolulu.

Recently Prof. Churchill wrote a letter to his long time friend, Dr. Harker, and as a matter of general interest it is presented herewith:

Honolulu, T. H., Oct. 25, 1920.

My Dear Mr. Harker:—Your letter, forwarded from Claremont, came to us as a very welcome surprise. Possibly the reply from so distant a part of the earth may be a surprise to you. After eighteen years at Pomona I seemed to be entitled to a sabbatical or at least a semi-sabbatical. The president urged me to take time for a rest, especially in view of the fact that I spent many of my vacations at the college, after taking up administration work so largely, so Mrs. Churchill, Delia and I are out here in the mid-Pacific, a spot I had often dreamed of but never expected to see.

It was hard for us to decide where it was wise to go for the semester we concluded to take. It did not seem feasible to jump into an eastern winter, with all that would have been involved in fitting out with furs, ear tabs and overshoes. Besides, we dreaded being shut up in furnace heated houses. You will think we are far away from any danger of that out here—hardly a house has a chimney, and even a Palm Beach suit, like the grasshopper, is much of the time a burden.

I suppose the sea voyage was what decided us more than anything else upon this trip to Hawaii. The only trouble was that we got across too soon. If we could have struck a sailing vessel we should have liked it—or at any rate we think we should. We were so fortunate as to have several friends here, in particular a former student of mine and colleague in Pomona, Prof. David L. Crawford, now head of the department of entomology in the university of Hawaii. Mrs. Crawford too is a special friend of Mrs. Churchill.

Thanks to the kindness and energy of these good friends we are most comfortably and economically housed in what would be known on the mainland as a California house. Wide porches surround the entire place and according to the custom of the country, afford the finest part of the living accommodations.

We are well up on Punch Bowl, an extinct crater, and from it a glorious view of mountains, sea and the city of Honolulu. The prospect is so fine, in fact, that

we are quite content to spend many hours on the porches reading and looking off at the wonders about us. This is, as you know, the land of rainbows. Scarcely a day passes without at least one of these beautiful arches being stretched out before us, and generally if there is one there are a half a dozen. The fragments too are interesting. A little cloud like a man's hand is not too insignificant to have its piece of the heavenly prism. Strangely, too, the arches seem to rest upon blue sky or they lie on the hills and all the beauty of the green hills is visible right thru them. This is due to the peculiar structure of the island, which has a high ridge to the westward, and a low ridge to the northeast trades wind blow, condensing their moisture and spilling most of it on the other side of the mountains, but frequently sending it over onto the other side in light veils of mist or again in heavier clouds. These lighter clouds are rainbow bearers, wandering down the valleys and dropping their little showers "any old time."

But I must not go on and give you a treatise on physical geography. As to the rest of our family, Jessie is still teaching mathematics in the Santa Barbara high school and apparently winning for herself the esteem of all associated with her, both in the classroom and the student and community activities. You may be interested to know that she received an increase of \$800 last year, \$600 of which was an increase in common with the other teachers of similar rank, the other \$200 being special for herself. She now receives the maximum—\$2,400. The fly in the ointment is the expense of living in Santa Barbara, that being a millionaire's town.

George is still a civil engineer with the Standard Oil Co., being in the field largely near Los Angeles, his headquarters being La Mirada. Delia is making a collection in oil of Hawaiian views. She has done a number of pictures from our own place.

The littlest of us had with Mrs. Harker and yourself in Los Angeles, we recall with a great deal of pleasure and hope for the day when your steps may turn again to the west—only next time we must have a chance to get you under our own vine and figtree.

With much love from us exiles to yourself and Mrs. Harker and the children.

Fraternally yours,  
M. E. Churchill.  
P. S. I meant to say before that I am writing my office to send you a copy of Dr. Summers' work, which I should like to have you accept with my best regards and love. If the book is somewhat delayed, you will understand the reason. I should be glad to receive the addresses you mention.

## MACON BANKER COMMITTS SUICIDE

DECATUR, Ill., Nov. 10.—Failure to raise \$25,000 by Tuesday evening caused H. R. Woodcock, Macon banker, to kill himself today, according to information received this evening. What the \$25,000 was for has not been disclosed. Mr. Woodcock told his son before he died that he had killed himself.

The banker was found at 3:20 this morning on the sidewalk in Macon with six bullets in his chest. Several persons heard the shots.

Contracts were to have been signed today for the consolidation of his bank with the Farmers State Bank of Macon. Mr. Woodcock was treasurer of the McLaughlin Foundry company of Decatur.

## WHITE HALL MAN WINS ORATORICAL HONORS

Rev. Harry R. Evans Wins First Prize at Intercollegiate Oratorical Contest at Naperville.—Other White Hall News.

White Hall, Nov. 10.—Additional oratorical honors have come to Rev. Harry R. Evans, age 21 years, son of Mr. and Mrs. Charles A. Evans of White Hall. At the intercollegiate oratorical contest at Naperville, near Chicago, this young White Hall won first prize, \$50 cash and a gold medal against representatives from six Illinois colleges. The prize money of this contest entitles him to represent the Illinois Colleges in the inter-state oratorical contest to be held next spring, the date and place being in abeyance. Rev. Evans won the prize on his own production, "The House in Order," which was presented at the peace oratorical contest last June and was awarded first prize of \$75 in money. The prize money at the peace contest was furnished by two sisters of Philadelphia, who addressed a most complimentary letter to Rev. Evans when the proceedings of the contest had been gone over by them.

E. J. Hume & Son, breeders of English setter dogs, have just made a shipment to Los Angeles, which gives some idea of the growing magnitude of this dog breeding institution, which Dr. Hume founded a few years ago to afford deviation from his dental practice. During the past year shipments have been made to Illinois points, Missouri, Maryland, Georgia, West Virginia, Arkansas, New Jersey, Oklahoma, California, Rhode Island and South Carolina.

Chicago, Nov. 10.—A bill to legalize boxing in the state was ready to be presented to the city council today by Alderman Joseph O. Kostner. The bill as a whole is similar to the one drawn up by the alderman last year. It provides for a state athletic commission of three men to be appointed by the governor. The bouts shall not be longer than 10 rounds and six ounce gloves must be worn. According to friends of Alderman Kostner, the bill will go to the judiciary committee without action. Governor-elect Small is said to be in favor of a fair bill and boxing enthusiasts are hopeful of its passage.

**Fat Folks Read This Story**

Recently, in the city of Chicago, a prominent man, burdened with excessive fat, went upon the operating table and had over sixty pounds of flesh carved from his huge, cumbersome body. Years ago the formula for fat reduction was "Take Marmola's Prescription Tablets." Friends tell friends—doctors tell their patients, until thousands know and use this correct, harmless method. They eat what they like, live as they like, and still lose their two, three or four pounds of fat a week. Simple, effective, harmless! Marmola's Prescription Tablets are sold by all druggists—A good size box for one dollar. Or if you prefer you may write direct to the Marmola Company, 38 Garfield Building, Detroit, Mich.

## A NEW WAY TO SHAVE

Usual Irritations Eliminated.

Barbasol Softens the Beard and Heals As It Shaves.

Chemistry has another feather in its cap.

Now it makes possible the "smartless" shave.

The old scraping and pulling method of our grandfathers is replaced by an easy, pleasant method that does away with the unsanitary shaving brush and the mussy mug. Men who have tried this modern shaving preparation proclaim it the greatest discovery since shaving was invented. A remarkable ointment that heals the face and keeps it in the best condition at all times. It easily softens the toughest beard, yet will not harm the most delicate skin.

## KNIGHTS OF PYTHIAS DISTRICT CONVENTION

Was Held Wednesday Afternoon and Evening—Grand Lodge Officers Here.

The district convention of the K. or P.'s was held in Castle Hall Wednesday afternoon and evening. There was a good representation of delegates from the various lodges in the district and some encouraging reports given.

The session was opened by Favorite Lodge No. 376 with John Brasfield as Chancellor Commander. He turned the gavel over to George B. Morrow of Roodhouse, district Grand Chancellor, who with a few appropriate remarks presented it to Grand Chancellor Andrew J. O'Donnell, of Chicago, and Al Douglas, Grand Keeper of Records and Seal. The business session was then held when the following lodges reported:

Beardstown 207, of Beardstown by J. H. Dugan.

Worcester 113 of Roodhouse by E. A. Hedgecock.

One H. Cook, George Gerlach and Ben L. Stice, Favorite 376.

assemblage of members of the order.

Following this a picked degree staff conferred the rank of Knight on Tom H. and Dr. R. R. Buckthorpe.

**DOCTORS DIDN'T HELP  
HER SICKLY CHILD**

Strong and Healthy Now—Mother  
Says Milk's Emulsion Saved  
Its Life.

"Last May my three-year-old  
baby was taken very ill, got so  
bad that we expected her to die  
at any time. Had four doctors  
but they did not know what ailed  
her and finally stopped coming.  
She had been sick about 5 months  
when I started giving her Milk's  
Emulsion. I noticed results from  
the first and by the time she had  
taken 2 bottles she was absolutely  
strong and healthy. I am thank-  
ful to say Milk's Emulsion saved  
her life."—Mrs. Willis S. Pitts,  
Nacogdoches, Texas.

For restoring appetite, health  
and strength in sickly children,  
mothers will find Milk's Emulsion  
the thing they have always sought.  
Most children like to take it, be-  
cause unlike many emulsions and  
tonics, it really tastes good.

Milk's Emulsion is a pleasant,  
nutritive food and a corrective  
medicine. It restores healthy  
natural bowel action, doing away  
with all need of pills and physic.

It promotes appetite and quickly  
puts the digestive organs in shape  
to assimilate food. As a builder  
of flesh and strength, Milk's Emul-  
sion is strongly recommended to  
those whom sickness has weak-  
ened, and is a powerful aid in re-  
sisting and repairing the effects of  
wasting diseases. Chronic stom-  
ach trouble and constipation are  
promptly relieved.

This is the only solid emulsion  
made and so palatable that it is  
eaten with a spoon like cream.

No matter how severe your case,  
you are urged to try Milk's Emul-  
sion under this guarantee—  
Take six bottles home with you,  
use it according to directions and  
if not satisfied with the results,  
your money will be promptly re-  
funded. Price 75c and \$1.50 per  
bottle. The Milk's Emulsion Co.,  
Terre Haute, Ind. Sold by drug-  
gists everywhere.—Adv.

from an independence paper:  
"James Reeder, the 13 year old

**ALL DAY MEETING AT  
LITERBERRY CHURCH**

Members of Baptist Church to  
Have Homecoming and Rally  
Day Service Next Sunday—Oth-  
er News from Literberry.

Literberry, Nov. 10.—Every-  
body is invited to bring their din-  
ner to the Baptist church next  
Sunday and take part in the  
Homecoming and Rally Day ser-  
vice. There will be a sermon at 11  
o'clock in the morning and an-  
other at 3 o'clock in the after-  
noon.

The Sunday school will have a  
little program and all together  
we expect a very profitable day.

Mrs. C. P. Snoddy of Marshall,  
Mo., came in Monday evening for  
a long visit at the Maples with  
her daughter, Mrs. Earl Rexroat.  
A called meeting of the Mis-  
sion Circle and World Wide Guild  
was held at the home of Mr. and  
Mrs. John Daniels on Monday  
night.

The Literberry Mission Circle  
and World Wide Guild have  
ordered a sectional book case, of  
golden oak finish, to be placed in  
the Baptist church to contain the  
missionary books purchased by  
these two mission societies.

There are now sixty six books,  
and more will be ordered each  
year. There will be a librarian  
and books will be given out by  
number, for a specified time, and  
returned for others to read. We  
find these books interesting; not  
a dull book in the library. We  
invite you to read them and be-  
come interested in missions.

**A CHURCH DIRECTORY**  
Members of the First Baptist  
church are preparing a directory  
which will be issued within a  
short time. The booklet will  
contain the names and addresses  
of the members of the church,  
the names of officers and board  
and some facts about the work of  
the different departments.

Mrs. Frank J. Heintz, Misses  
Evelina Belden, Lulu Parks and  
Edith Rodgers, were in Waverly  
and Franklin yesterday on work  
in connection with the Red Cross  
survey.

**HORSES COMING  
TO THEIR OWN**

A friend of the humble horse  
says that after all horses are not  
to be extinct. He says that sta-  
tistics show that in Chicago there  
are 3,000 more horses in use this  
year than last, and they are still  
coming into favor, though figures  
are not available, the same seems  
to be about the case in St. Louis.  
A gentleman remarked yesterday  
that in the course of time there  
would hardly be any horsehoers,  
as he knew of no apprentice  
blacksmiths, and when the pres-  
ent generation passes away there  
will be none to take their places.

"When I accepted your offer and tried

every other day. The first month using  
Don Sung, my 11 hens laid 221 eggs. I  
almost quit raising chickens, but now I  
will raise as many as I  
can."—Mrs. F. C. Young,

Give your hens Don Sung and watch  
results for one month. If you don't find  
that it pays for itself and pays you a  
good profit besides, simply tell us and  
your money will be cheerfully refunded.

a scientific tonic and conditioner. It is  
easily given in the feed, improves the

## CELEBRATE ARMISTICE DAY IN WHITE HALL

Indoor Carnival to Be Staged by American Legion Extending Over Three Days—Will Have Public Auction Saturday Afternoon.

White Hall, Nov. 10.—All's set for the observance of Armistice Day tomorrow by the American Legion in the form of an indoor carnival that will extend through to Saturday night. The Spangenberg building on Main street is all ready for the three-day event that is designed to give a big lift to the building plans of the American Legion post. The carnival will be in operation Thursday afternoon and night, Friday night, Saturday afternoon and night. There will be a country store, kewpie doll rack, confectionery stands and a variety of things, including the Bowen jazz orchestra, that will interest the patrons every minute, and the advertising manager declares that there is so much to be seen and enjoyed that it is not possible to give an adequate outline of what must soon be appreciated. There will be a publication of livestock, farm implements, household goods, merchandise of all descriptions and various things coming under other categories, on Saturday afternoon. It promises to be the greatest American Legion function yet pulled off in Greene county, and it means something to make this mark. The climax will come Saturday night with the giving away of a Ford automobile with electric starter and all latest equipment. Tickets on this drawing are being sold at 50c each. The sales have been given added impetus by a contest among the girls, the girl selling the greatest number of tickets to receive a \$100 wrist watch, and the second highest to receive a diamond ring.

The local post of the American Legion has not up to this time received the public support that it deserves, or that has been accorded by local communities in a general way to the local posts. The White Hall post is desirous of acquiring permanent and adequate quarters, and this Armistice celebration has that in view. The celebration will take on larger significance by decorations on business houses and residences, and on next Sunday there will be suitable reference to the day from the pulpits.

## FORMER RESIDENT OF MORGAN COUNTY DIES

Ernest C. Stainforth Answers Final Summons at Home in Valler, Ill.

The death of Ernest C. Stainforth, a former resident of Morgan county, occurred at his home in Valler, Ill., on Friday, Oct. 23, after a brief illness of typhoid pneumonia. The deceased was thirty-seven years of age and was born in Lynnville, the son of Mr. and Mrs. J. H. Stainforth.

It was two years ago that Mr. Stainforth went to Valler, where he was employed as an electrician in the mine. On Jan. 30, 1919, he was united in marriage to Miss Leora Buchanan who, together with one child, survives. He is also survived by his father and mother, two sisters, Mrs. J. A. Sinclair, of Caldwell, Kan., and Mrs. Grover Smith of Chapin; four brothers, Ross, Oliver and Lee, of Lynnville, and Alva of Valler.

The deceased was a member of the Christian church at Virden at the time of his death as there was no church of that denomination in his home town. He united with the Christian church at Lynnville when twelve years of age, and over afterward was faithful in living a devout Christian life. He had served for some time as superintendent of the Sunday school and was especially active in other lines of religious endeavor.

The funeral services were held from the Christian church at Virden, in charge of Rev. R. B. Fouts of Carthage, who was assisted by Rev. W. L. Huff of Waverly and Fred Nichols of Niantic.

Among those from a distance who attended the services were, Mr. and Mrs. J. H. Stainforth, Mr. and Mrs. Ross Stainforth and children, and Mr. and Mrs. Oliver Stainforth, all of Lynnville. Mrs. William Hainline of Jacksonville.

## And no one could tell the difference!

This test of direct comparison was made by Anna Case, world-famous soprano, before 2500 people, at Carnegie Hall, New York City, on March 10, 1920. See the three diagram sketches below:

First—Miss Case stood beside the New Edison and sang.

Suddenly—the lights went out, but Miss Case's voice went smoothly on.

Then—the lights went on again. Miss Case was gone. The audience gasped with surprise to find that her voice had been coming from the New Edison.

# Mr. Santa Claus! Come in and hear the phonograph that did it

We want you to see it, listen to it, test it for yourself. This marvelous phonograph can give the family more pleasure than any other instrument you can buy them for Christmas.

## Here is why:

This phonograph has actually proved that it can match the performance of the living artist, and match it so perfectly that no one can tell its RE-CREATION from the living performance.

It did this on March 10, 1920 before 2500 people at Carnegie Hall, New York City—with Anna Case, the world-famous soprano. It did this on September 30th, 1919, before 2500 people at Carnegie Hall, Pittsburgh—with

Marie Rappold, prima donna of the Metropolitan Opera Company. It did this on November 5th, 1919, before 6500 teachers at the State Armory, Albany—with Mario Laurenti of the Metropolitan Opera Company. It did this over 4000 other times, with more than fifty great vocalists and instrumentalists.

You can read the facts of these amazing achievements in the leading newspapers of the United States and Canada. They are the talk of the music and scientific world.

And the phonograph? It's the Official Laboratory Model of the New Edison, "the phonograph with a soul." Every Official Laboratory

Model in our store is an exact duplicate of the famous original Official Laboratory Model which cost Mr. Edison three million dollars to perfect. It is capable of sustaining the test of direct comparison; we guarantee this.

Get an Official Laboratory Model for Christmas. You will have the one phonograph which brings you the living performances of great artists exactly as those artists have given them. You know this is so! The proof has been given! The absolute, scientific proof!

Say the word, and we'll save an Official Laboratory Model for you, and deliver it in time for Christmas.

## The NEW EDISON "The Phonograph with a Soul"

## Test It Yourself

You'll be able to recognize its superiority with your own ears—in every kind of vocal and instrumental music. Come in and see whether this isn't so. We'll gladly give you Mr. Edison's famous Realism Test.

## Money Help

Ask about our Budget Plan. It shows you how to make best use of your Christmas money. It brings you New Edison for Christmas, and makes it help pay. Careful, systematic spending always makes money go farther.

## Prices

There is no inflation in Edison Prices. "Edison stood the Gaff" to keep his favorite invention within the reach of everyone.

## SWIFT UPTURNS IN PRICE OF WHEAT

By Associated Press.  
CHICAGO, Nov. 10.—Swift upturns in the price of wheat followed word that for the first time in nearly two months Great Britain was buying on this side of the Atlantic.

The market was also bullishly affected by announcement that no general calling of rural loans in Kansas was looked for.

Prices closed strong 5½c to 3½c net higher, with December \$1.86½ to \$1.86½ and March \$1.81 to \$1.81½. Corn gained ½c to 1½c and oats ½c to 1½c. In provisions the outcome varied from 25c decline to 15c advance.

British purchasing of wheat was estimated all the way from 3,500,000 bushels to 5,000,000 bushels notwithstanding that the greater part of the total was said to be Canadian grown, electrified the market.

New strength of foreign exchange attracted additional attention and so likewise did the fact that country offerings of wheat were meager.

Corn and oats sympathized with the strength of wheat, shorts in corn covered freely. Provisions averaged higher mainly as a reaction of the grain bulge.

## CELEBRATION TO BE AT GRACE CHURCH TODAY

Armistice Day-Program to be Carried Out at Church Instead of at Lake Mauvaisville—Trees to be Planted This Morning.

The Armistice day celebration will be held this afternoon at 2 o'clock at Grace M. E. church. It was announced yesterday by Mrs. Mary Turner Carriel, president of the Service Star Legion, and others who have charge of the arrangements for the day. It had previously been planned to have the celebration at Lake Mauvaisville but the drop in temperature made it advisable to change the plans.

The program as previously announced will be carried out at the church, except that the Memorial trees will be planted on Victory drive this morning. The planting will be under the supervision of the proper committee, and following the service at the church the war mothers, veterans of the world war and the officers of the Service Star Legion will be taken to the park in automobiles for the purpose of inspecting the work.

It is probable that the attendance at the church will be large, as a number of the business houses of the city have announced that they will close their doors during the afternoon hours. There will also probably be a large representation from the country precincts, as people generally are anxious to observe the anniversary of the signing of the armistice.

Members of the Service Star Legion are asked to gather at the church a short time before the hour for the beginning of the service. Seats will be reserved for them near the front of the auditorium.

A number of trucks will be at the church at the close of the program to convey women and children to the park. This arrangement was made by the local W. C. T. U. Miss Olive Blunt, the secretary, announcing yesterday that any woman who wishes to drive to the park may do so by entering any truck bearing the initials "W. C. T. U." The trucks have been donated for this purpose by various business men of the city.

## INTENSE INTEREST SHOWN IN MEETINGS

Virility in Dr. Violette's Preaching—What Must I Do to Be Saved? Subject of Tonight's Sermon.

The intense interest in the meetings at the Central Christian church under the leadership of Dr. E. E. Violette, is the subject now uppermost in the conversation of the day in Jacksonville. Dr. Violette's preaching has a virility about it that stirs and shakes the hearts of the big audiences that are hearing him nightly. The people who attended in the beginning out of a curiosity to see and hear one of their home boys, have found a full grown man with a world-vision and a world-call. Jacksonville is honoring him with a hearing that has seldom been given to a preacher here, and it is the sheer power of the man that compels the attention he is receiving.

Last night Dr. Violette read from memory the twenty-fourth chapter of Acts, and followed with a telling and eloquent portrayal of Paul's defense before Felix. At the close of the sermon six responded to the invitation.

The congregational singing was of a high order last night and Prof. Pollock's solo was particularly pleasing.

Dr. Violette will speak tonight on "What Must I do to Be Saved?"

**LITERBERRY STORE SOLD**  
A deal was consummated yesterday whereby George, Wade and Carl Roach became the owners of the stock of merchandise in the store conducted by Mrs. G. T. Liler on March 1, 1880, and was conducted by him until the day of his death, Aug. 8, 1918. Since that time Mrs. Liler and daughter, Miss Georgia Liler, have continued the business. It has one of the most complete stocks in the county, practically everything in the line of merchandise being obtainable there.

Mrs. R. Reynolds of Asbury region called in the city yesterday.

Mrs. Walter Woodward of Chapin visited the city yesterday.

Edward Allen was up to the city from Nortonville yesterday.

### FLAG SERVICE AT LYNNVILLE CHURCH

A flag service will be held at Lynnville Christian church next Tuesday morning, Nov. 14, at 10 a. m. Mr. and Mrs. Chester Scholfield of Moline have presented to the church a beautiful flag as a memorial for Gayle Elizabeth Gibbs, daughter of Mr. and Mrs. C. H. Gibbs, whose death occurred a few months since. Following the flag service the community friends of Dr. E. C. Violette of Central Christian church in Kansas City, Mo., are asked to bring baskets and assemble in the basement for a good old-fashioned basket dinner. Members and friends of the church will be pleased to know that Dr. Violette, a former Sunday school boy, will give an address at 2:30 p. m. in the auditorium of the church, to which the community in general is most cordially invited.

### A MEMORABLE DATE

Several important events are connected with this date. First and foremost is the armistice ending the great world war, and while it should have been an abject surrender on the part of the Kaiser's hordes, still the victory was virtually gained. Next is an anniversary of one of the worst storms that ever visited this region. It is of date of Nov. 11, 1911, nine years ago, and will long be remembered.

Then, Nov. 11, 1864, the writer landed in Jacksonville for the purpose of attending Illinois college, and to him it is an important date.
